OSA-2619-63

24 MAY 1963

MEMORANDUM FOR: Chief, Central Cover Division

25X1A SUBJECT : Exemption of Reserve Summer Military Training for [redacted]

25X1A

1. [redacted] electronics technician, GS-09, currently assigned to one of our U. S. installations, has received orders to report for reserve military training the later part of August.

2. A scheduled Signal Center move the last of August, plus new maintenance requirements for mobile gear makes it mandatory for our installation to have a qualified electronics technician on duty during this period. The feasibility of covering our requirements through a TDY assignment has been thoroughly explored and no qualified personnel are available.

3. In view of the above critical situation, it is requested that a letter be directed to the appropriate military authority, requesting that [redacted] reserve summer training be deferred due to critical requirements for his services.
